

PROFILE

Hello, I'm 21 years old.
I was born in Iran – Khuzestan – Ahvas. Me and my parents are Iranian Arab
My most favorite hobby is being on the computer and constantly trying to learn about coding and developing.
I spend the rest of my free time on learning and being on my computer.
It would be really nice to work in an office of a big company, and to work in a team trying to find solutions to problems as well as to help other people.
All in all, I am a calm and a polite guy and try my best to get a nice job.
